The Board appreciates that if the educational needs of students and the professional needs of teachers are to be met; and if the goals of schools, the District, and the Ministry are to be fulfilled, a wide range of learning resources is required. For the purpose of this policy statement, the term "learning resources" will include textbooks, other books, supplementary reading and informational materials, charts, dioramas, films, filmstrips, games, globes, kits, machine readable data files, maps, slides, sound recordings, transparencies, and video records.
